MEET YOUR TEMPORARY UTILITY RESOURCE

EDLEN at the Huntington Convention Center of Cleveland

1 St. Clair Avenue NE
Cleveland, Ohio 44114
Since 2013, Edlen has been an exclusive electrical partner with the Huntington Convention Center of Cleveland providing Cleveland exhibitors with timely and safe electricity with a smile. Edlen is hyper-focused on electrical services only, so their level of expertise is rarely matched by other service providers.

Edlen is the power behind the events industry, leading the nation in temporary electrical solutions.

AT HUNTINGTON CONVENTION CENTER

The Huntington Convention Center benefits from Edlen’s Event Management Services program, which provides daily onsite administrative management of planning, pricing, delivery and removal of temporary utility, utilizing the venue’s existing labor force.

Capitalizing on Edlen’s experience as a specialist in the temporary utility field, the HCCC is able to ensure excellence in customer service and timely electrical solutions for all.

Edlen always has an on-site team at the center, so no exhibitor or partner is kept waiting.
